

Dear kids,

I am writing to you on behalf of the all chairs. We are sick of being treated badly and it's time you realised how hard our lives are.

Why is it that children hate sitting properly on us? We have a pretty simple design: four legs for stability. For some reason, you think it's better to balance on two! Do you know the strain that puts us under? I can't think of a single child that sits on us properly all of the time!

And the mud! It's not difficult to wipe your feet before you come in is it? The amount of times we get caked in sticky mud that then dries - it's horrible! It's not like a mud bath at a spa you know!

You're not little kids any more! Please take better care of us,

Your fed up chairs
