

L.O: To design a Greek pinch pot vase.

We will be clay to create a pinch pot vase. The shape of our vase will be like this:

Once we have made the pot we will use orange and black paint to decorate the vase.

Using the Ancient Greek vases you have seen for inspiration create 4 possible designs.

For each design, think about these 3 questions.

- 1) What colour will the background be, orange or black?
- 2) What repeating patterns will you use?
- 3) Where will you put your patterns?

Draw your design in pencil first then colour in with black and orange to show your design in more detail.
