

Squat and shoot

What you need: 2 balls or pairs of socks, two pots, two plus players.

How to play:

- Each player has a ball. They begin 3-4 steps away from the pots.
- Players race to throw their ball into one of the pots. First to four successful throws wins the round.
- In between each throw you must complete 10 squats.
- In the next round change the exercise you need to complete in between the throws.

Make this easier by using a bigger pot.

Who won the most rounds?
