

WAGOLL

Design

Lots of twigs, leaves and natural items found in a garden or field, hanging on a piece of string for creatures to fly into.

How it is made

Natural items inside part of a bottle. String put through a hole in the top.

Purpose

For bees, ladybirds, flies, wasps, greenfly to go in and find food or shelter.

Design

Lots of twigs, leaves and natural items found in a garden or field, put inside different containers such as plant pots, all inside a wooden frame. For creatures to fly and crawl into.

How it is made

Natural items inside plant pots, inside a wooden frame, with grass and moss surrounding it.

Purpose

For creatures that can fly or crawl to go in and find food or shelter.
