Judges explain their voting: Kimberley Walsh

Len: I'll tell you what I thought. I thought you did a great job because the jive isn't easy—the steps have got to be clean, got to be precise and yet you've still got to show the fun, and exuberance of the dance. That you pulled off great footwork—spot on. There were one or two dodgy moments. I was a little bit anxious when you went flying through the legs but you got up from that nicely. In the end, the spins were a little bit off at one stage but overall, well done. Nice job.

Craig: I could not agree more. I thought that was absolutely brilliant. Fast efficient footwork, I thought. Synchronicity was absolutely excellent. I loved the double turn at the end into the end pose—great technique. As Len said, going through the legs was very clumsy and for that reason you'll lose points. But you did a cracking job.

Judges explain their voting: Johnny Ball

Craig: I've never really been a big fan of miming, darling. Your mouth was moving throughout and was very distracting. Your technique needs work because the jerks and spasms all the way through were worrying—a little more fluidity would be good.

Darcy: Great energy. You surprised me—it was beautiful. Sadly, you have been unlucky with your partners changing. That doesn't make it easy. Your weight is always on your heels. This means your balance is wrong because in Latin you must be more on the balls of your feet, so try and remember this for your next dance.

Len: Let me tell you this: first of all, you had good timing; there was plenty of content; you got out and performed it. A lot of people of a similar age would like to be able to get out and move like that. Ok, so your posture could be a bit better, your footwork could be cleaner but your enthusiasm was great.
