

## Ordering Cards

Look at the cards below.

Can you sort them so that they follow round in a loop?

Here is a card from a different set.

$$\begin{array}{c} 10 \\ \times 3 \end{array}$$

What number would follow it?

What about this one? What would follow it?

$$\begin{array}{c} 12 \\ \div 2 \end{array}$$

Print off and cut out the cards. Then use the blank cards to complete a loop starting with  $10 \times 3$  and then another for  $12 \div 2$ .
