

Dexter says,

$$4 \times 21 = 2 \times 42$$

Is Dexter correct?

Teddy completes the same calculation as Alex.

Can you spot and explain his mistake?

	T	O
	4	3
×		2
8	0	6

Work out the numbers that are covered up.

		4
×		
	6	8

		3
×		
	2	6
